Boys & Girls Club Hosts Jr. NBA Skills Challenge

This past month, Club members had a blast showing off their basketball skills during the Jr. NBA Challenge! During the challenge, individuals were divided into two age categories where they had the opportunity to showcase their dribbling, shooting, and rebounding skills. First, second and third place winners were chosen from each age category and also advanced to the regional competition in Dallas! Several of our winners made the trip to Dallas for the next level of competition and enjoyed playing alongside kids from different states.

We would like to give a special thank you to Sam's Club for providing refreshments, and an amazing group of Army volunteers, who kept the event running smoothly!

March is Social Work Month

CCFI is helping celebrate Social Work Month by highlighting the countless positive contributions social workers bring to our agency.

According to the Bureau of Labor Statistics, social work is one of the fastest growing professions in the United States. Each day, nearly 800,000 social workers nationwide work to elevate and empower others, giving them the ability to solve life's problems, cope with personal roadblocks and obtain the services they need.

At CCFI, social workers boast unique strengths and talents and serve clients in a variety of capacities. In addition to staff members, we continually offer a variety of practicum opportunities for undergraduates and graduate-level students. Through these experiences, students gain hands-on professional experience, ultimately allowing them to gain valuable insight into this dynamic profession.

Throughout the month, we will showcase our very own amazing group of social workers, so be sure to follow @CCFINorman on social media!

Boys & Girls Club of Norman Welcomes New Staff

Please help us give a warm welcome to our newest Club staff members: Nia Blackwell and Sara Juarez. These two ladies will be working in the Club serving as Youth Development Professionals.

Nia is a sophomore at the University of Oklahoma in pursuit of a Bachelor of Arts in Human Relations and is on the pre-law track with a double minor in African American Studies & Human Relations. Her dedication to community and social justice has led her to pursue a future career as a lawyer advocating for the rights of others. Nia has a lot of passion and truly wants to make a difference in the lives of those she serves.

Sara, who is also a sophomore at the University of Oklahoma, is studying early education and has a passion for working with children. She aspires to dive into the Moore school district and work alongside the community to help teach the next generation of kids.
